125.1502 Definitions; references to act and code.

Sec. 2. (1) As used in this act:

(a) "Agricultural or agricultural purposes" means of, or pertaining to, or connected with, or engaged in agriculture or tillage which is characterized by the act or business of cultivating or using land and soil for the production of crops for the use of animals or humans, and includes, but is not limited to, purposes related to agriculture, farming, dairying, pasturage, horticulture, floriculture, viticulture, and animal and poultry husbandry.

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

- (b) "Application for a building permit" means an application for a building permit submitted to an enforcing agency pursuant to this act and plans, specifications, surveys, statements, and other material submitted to the enforcing agency together or in connection with the application.
- (c) "Barrier free design" means design complying with legal requirements for architectural designs which eliminate the type of barriers and hindrances that deter persons with disabilities from having access to and free mobility in and around a building or structure.
- (d) "Board of appeals" means the construction board of appeals of a governmental subdivision provided for in section 14.
- (e) "Boards" means the state plumbing and electrical administrative boards and the barrier free design board created in section 5 of 1966 PA 1, MCL 125.1355.
- (f) "Building" means a combination of materials, whether portable or fixed, forming a structure affording a facility or shelter for use or occupancy by persons, animals, or property. Building does not include a building, whether temporary or permanent, incidental to the use for agricultural purposes of the land on which the building is located if it is not used in the business of retail trade. Building includes the meaning "or part or parts of the building and all equipment in the building" unless the context clearly requires a different meaning.
- (g) "Building envelope" means the elements of a building which enclose conditioned spaces through which thermal energy may be transferred to or from the exterior.
- (h) "Business day" means a day of the year, exclusive of a Saturday, Sunday, or legal holiday.
- (i) "Chief elected official" means the chairperson of the county board of commissioners, the city mayor, the village president, or the township supervisor.
- (j) "Code" means the state construction code provided for in section 4 or a part of that code of limited application and includes a modification of or amendment to the code.
- (k) "Commission" means the state construction code commission created by section 3.
- (l) "Construction" means the construction, erection, reconstruction, alteration, conversion, demolition, repair, moving, or equipping of buildings or structures.
- (m) "Construction regulation" means a law, act, rule, resolution, regulation, ordinance, or code, general or special, or compilation thereof, enacted or adopted before or after January 1, 1973, by this state or a county, city, village, or township including a department, board, bureau, commission, or other agency thereof, relating to the design, construction, or use of buildings and structures and the installation of equipment in the building or structure. Construction regulation does not include a zoning ordinance or rule issued pursuant to a zoning ordinance and related to zoning.
- (n) "Cost-effective", in reference to section 4(3)(f) and (g), means, using the existing energy efficiency standards and requirements as the base of comparison, the economic benefits of the proposed energy efficiency standards and requirements will exceed the economic costs of the requirements of the proposed rules based upon an incremental multiyear analysis. All of the following provisions apply:
- (i) The analysis shall take into consideration the perspective of a typical first-time home buyer.
 - (ii) The analysis shall consider benefits and costs over a 7-year time period.
 - (iii) The analysis shall not assume fuel price increases in excess of the assumed general rate of inflation.
 - (iv) The analysis shall assure that the buyer of a home who qualifies to purchase the home before the addition of the energy efficient standards would still qualify to purchase the same home after the additional cost of the energy-saving construction features.
 - (v) The analysis shall assure that the costs of principal, interest, taxes, insurance, and utilities will not be greater after the inclusion of the proposed cost of the additional energy-saving construction features required by the proposed energy efficiency rules as opposed to the provisions of the existing energy efficiency rules.
- (o) "Department" means the department of consumer and industry services.
- (p) "Director" means the director of the department or an authorized representative of the director.
- (q) "Energy conservation" means the efficient use of energy by providing building envelopes with high thermal resistance and low air leakage, and the selection of energy efficient mechanical, electrical service, and illumination systems, equipment, devices, or apparatus.
- (r) "Enforcing agency" means the enforcing agency, in accordance with section 8 or 9, which is responsible for administration and enforcement of a nationally recognized model code or this act and the code within a governmental subdivision, except for the purposes of section 19 enforcing agency means

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

the agency in a governmental unit principally responsible for the administration and enforcement of applicable construction regulations.

(s) "Equipment" means plumbing, heating, electrical, ventilating, air conditioning, and refrigerating equipment.

(t) "Governmental subdivision" means a county, city, village, or township which in accordance with section 8 or 9 has assumed responsibility for administration and enforcement of a nationally recognized model code or this act and the code within its jurisdiction.

(u) "Mobile home" means a vehicular, portable structure built on a chassis pursuant to the national manufactured housing construction and safety standards act of 1974, title VI of the housing and community development act of 1974, Public Law 93-383, 42 U.S.C. 5401 to 5426, and designed to be used without a permanent foundation as a dwelling when connected to required utilities and which is, or is intended to be, attached to the ground, to another structure, or to a utility system on the same premises for more than 30 consecutive days.

(v) "Other laws and ordinances" means other laws and ordinances whether enacted by this state or by a county, city, village, or township and the rules issued under those laws and ordinances.

(w) "Owner" means the owner of the freehold of the premises or lesser estate in the premises, a mortgagee or vendee in possession, an assignee of rents, receiver, executor, trustee, lessee, or any other person, sole proprietorship, partnership, association, or corporation directly or indirectly in control of a building, structure, or real property or his or her duly authorized agent.

(x) "Person with disabilities" means an individual whose physical characteristics have a particular relationship to that individual's ability to be self-reliant in the individual's movement throughout and use of the building environment.

(y) "Premanufactured unit" means an assembly of materials or products intended to comprise all or part of a building or structure, and which is assembled at other than the final location of the unit of the building or structures by a repetitive process under circumstances intended to insure uniformity of quality and material content. Premanufactured unit includes a mobile home.

(z) "Structure" means that which is built or constructed, an edifice or building of any kind, or a piece of work artificially built up or composed of parts joined together in some definite manner. Structure does not include a structure incident to the use for agricultural purposes of the land on which the structure is located and does not include works of heavy civil construction including, but not limited to, a highway, bridge, dam, reservoir, lock, mine, harbor, dockside port facility, an airport landing facility and facilities for the generation or transmission, or distribution of electricity. Structure includes the meaning "or part or parts of the structure and all equipment in the structure" unless the context clearly requires a different meaning.

(2) Unless the context clearly indicates otherwise, a reference to this act, or to this act and the code, means this act and rules promulgated pursuant to this act including the code.

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

Sec. 3. (1) The state construction code commission is created and consists of the state fire marshal or the state fire marshal's designee and the chairpersons of the barrier free design board, the electrical administrative board, the state plumbing board, and the board of mechanical rules, who shall be permanent members, and 12 residents of the state to be appointed by the governor with the advice and consent of the senate. Appointed members of the commission shall include 1 person from each of the fields of industrial management, architecture, professional engineering, building contracting, organized labor, premanufactured building, and 3 members representing municipal building inspection, 1 of whom enforces this act and the code, 1 of whom enforces the building officials and code administrators building code, and 1 of whom enforces the international conference of building officials building code; 2 persons from the general public; and a licensed residential builder. A member of the commission shall be appointed for a term of 2 years, except that a vacancy shall be filled for the unexpired portion of the term. A member of the commission may be removed from office by the governor for inefficiency, neglect of duty, or misconduct or malfeasance in office. A member of the commission who has a pecuniary interest in a matter before the commission shall disclose the interest before the commission takes action in the matter, which disclosures shall be made a matter of record in its official proceedings. Each member of the commission, except the state fire marshal or the state fire marshal's designee, shall receive compensation and actual expenses incurred by the member in the performance of the duties as a member of the commission. The per diem compensation of the members and the schedule for reimbursement of expenses shall be established annually by the legislature. An appointed member of the commission shall not serve more than 3 consecutive terms.

(2) Nine members of the commission constitute a quorum. Except as otherwise provided in the commission's bylaws, action may be taken by the commission by vote of a majority of the members present at a meeting. Meetings of the commission may be called by the chairperson or by 3 members on 10 days' written notice. Not less than 1 meeting shall be held each calendar quarter. A meeting of the commission may be held anywhere in this state.

(3) The commission shall elect 1 member as chairperson, another as vice-chairperson, and other officers as it determines appropriate, for the terms and with the duties and powers as the commission determines. The chairperson and vice-chairperson of the commission shall be elected from those members appointed to the commission by the governor.

(4) The commission shall be within the department of labor, but it shall exercise its statutory functions independently of the head of the department, except that budgeting, personnel, and procurement functions of the commission shall be performed under the direction and supervision of the director of labor.

(5) The business which the commission may perform shall be conducted at a public meeting of the commission held in compliance with the open meetings act, Act No. 267 of the Public Acts of 1976, as amended, being sections 15.261 to 15.275 of the Michigan Compiled Laws. Public notice of the time, date, and place of the meeting shall be given in the manner required by Act No. 267 of the Public Acts of 1976, as amended.

(6) A writing prepared, owned, used, in the possession of, or retained by the commission in the performance of an official function shall be made available to the public in compliance with the freedom of information act, Act No. 442 of the Public Acts of 1976, as amended, being sections 15.231 to 15.246 of the Michigan Compiled Laws.

(1) The state construction code commission is created and consists of a designee of the office of fire safety and the chairpersons of the barrier free design board, the electrical administrative board, the state plumbing board, and the board of mechanical rules, who shall be permanent members, and 12 residents of the state to be appointed by the governor with the advice and consent of the senate. Appointed members of the commission shall include 1 person from each of the fields of industrial management, architecture, professional engineering, building contracting, organized labor, premanufactured building, and 3 members representing municipal building inspection; 2 persons from the general public; and a licensed residential builder. A member of the commission shall be appointed for a term of 2 years, except that a vacancy shall be filled for the unexpired portion of the term. A member of the commission may be removed from office by the governor for inefficiency, neglect of duty, or misconduct or malfeasance in office. A member of the commission who has a pecuniary interest in a matter before the commission shall disclose the interest before the commission takes action in the matter, which disclosures shall be made a matter of record in its official proceedings. Each member of the commission, except the state fire marshal or the state fire marshal's designee, shall receive compensation and actual expenses incurred by the member in the performance of the duties as a member of the commission. The per diem compensation of the members and the schedule for reimbursement of expenses shall be established annually by the legislature.

(2) Nine members of the commission constitute a quorum. Except as otherwise provided in the commission's bylaws, action may be taken by the commission by vote of a majority of the members present at a meeting. Meetings of the commission may be called by the chairperson or by 3 members on 10 days' written notice. Not less than 1 meeting shall be held each calendar quarter. A meeting of the commission may be held anywhere in this state.

(3) The commission shall elect 1 member as chairperson, another as vice-chairperson, and other officers as it determines appropriate, for the terms and with the duties and powers as the commission determines. The chairperson and vice-chairperson of the commission shall be elected from those members appointed to the commission by the governor.

(4) The commission is within the department but shall exercise its statutory functions independently of the director, except that budgeting, personnel, and procurement functions of the commission shall be performed under the direction and supervision of the director. The director has the sole statutory authority to promulgate rules.

(5) The business that the commission may perform shall be conducted at a public meeting of the commission held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Public notice of the time, date, and place of the meeting shall be given in the manner required by the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(6) A writing prepared, owned, used, in the possession of, or retained by the commission in the performance of an official function shall be made available to the public in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

125.1504 State construction code; rules; promulgation; contents; purposes, objectives, and standards.

Sec. 4. (1) The director shall prepare and promulgate the state construction code consisting of rules governing the construction, use, and occupation of buildings and structures, including land area incidental to the buildings and structures, the manufacture and installation of building components and equipment, the construction and installation of premanufactured units, the standards and requirements for materials to be used in connection with the units, and other requirements relating to the safety, including safety from fire, and sanitation facilities of the buildings and structures.

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

(2) Until the date sections 2a, 3a, 8a, 8b, and 9b apply, the code shall consist of nationally recognized model building codes, other nationally recognized model codes and standards, and amendments, additions, or deletions to the building code or other codes and standards as the director determines appropriate. After the date sections 2, 3, 8, 9, and 9a are repealed, the code shall consist of the international residential code, the international building code, the international mechanical code, the international plumbing code published by the international code council, the national electrical code published by the national fire prevention association, and the Michigan uniform energy code with amendments, additions, or deletions as the director determines appropriate.

(3) The code shall be designed to effectuate the general purposes of this act and the following objectives and standards:

(a) To provide standards and requirements for construction and construction materials consistent with nationally recognized standards and requirements.

(b) To formulate standards and requirements, to the extent practicable in terms of performance objectives, so as to make adequate performance for the use intended the test of acceptability.

(c) To permit to the fullest extent feasible the use of modern technical methods, devices, and improvements, including premanufactured units, consistent with reasonable requirements for the health, safety, and welfare of the occupants and users of buildings and structures.

(d) To eliminate restrictive, obsolete, conflicting, and unnecessary construction regulations that tend to increase construction costs unnecessarily or restrict the use of new materials, products, or methods of construction, or provide preferential treatment to types or classes of materials or products or methods of construction.

(e) To insure adequate maintenance of buildings and structures throughout this state and to adequately protect the health, safety, and welfare of the people.

(f) To provide standards and requirements for cost-effective energy efficiency that will be effective April 1, 1997.

(g) Upon periodic review, to continue to seek ever-improving, cost-effective energy efficiencies.

(h) The development of a voluntary consumer information system relating to energy efficiencies.

(4) The code shall be divided into sections as the director considers appropriate including, without limitation, building, plumbing, electrical, and mechanical sections. The boards shall participate in and work with the staff of the director in the preparation of parts relating to their functions. Before the promulgation of an amendment to the code, the boards whose functions relate to that code shall be permitted to draft and recommend to the director proposed language. The director shall give consideration to all submissions by the boards. However, the director has final responsibility for the promulgation of the code.

(5) The code may incorporate the provisions of a code, standard, or other material by reference. The director shall add, amend, and rescind rules to update the code not less than once every 3 years to coincide with the national code change cycle.

Sec. 4b. (1) A bed and breakfast is considered under the code to be a single family residential structure and shall not be treated as a hotel or other facility serving transient tenants. This section is effective throughout the state without local modification, notwithstanding the exemption provisions of section 8.

(2) This section does not affect local zoning, fire safety, or housing regulations.

(3) As used in this section, "bed and breakfast" means a single family residential structure that meets all of the following criteria:

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

- (a) Has 10 or fewer sleeping rooms, including sleeping rooms occupied by the innkeeper, 1 or more of which are available for rent to transient tenants.
- (b) Serves meals at no extra cost to its transient tenants.
- (c) Has a smoke detector in proper working order in each sleeping room and a fire extinguisher in proper working order on each floor.

125.1505 Powers of commission. [M.S.A. 5.2949(5)]

Sec. 5. (1) The commission has all powers necessary or convenient to carry out and effectuate the purposes and provisions of this act, including, without limitation, the powers hereinafter set forth.

(2) The commission may sue and be sued; have a seal and alter it; make and execute contracts and other instruments; and adopt, amend and rescind bylaws for its organization and internal management.

(3) The commission may promulgate, amend and rescind rules necessary, desirable or proper to carry out its powers and duties under this act and relating to the administration and enforcement of the code by enforcing agencies and relating to the qualifications and licensing of persons making inspections provided for under this act.

(4) The commission may encourage, support or conduct, either by itself or in cooperation with enforcing agencies, associations of building code officials, or any other persons, educational and training programs for employees, agents and inspectors of enforcing agencies.

(5) The commission may study the effect of the code, and other related laws, to ascertain their effect on the cost of building construction and maintenance, and the effectiveness of their provisions for insuring the health, safety and welfare of the people of this state.

(6) The commission may determine after testing and evaluation whether a material, product, method of manufacture or method of construction or installation is acceptable under the code; issue certificates of such acceptability; and establish procedures for the testing of such devices, materials, fixtures, methods, systems or processes, including contracting with an existing testing laboratory for such testing.

(7) The commission may take testimony and hold hearings relating to any aspect or matter relative to the administration or enforcement of this act. In the enforcement of this act, it may issue subpoenas to compel the attendance of witnesses and the production of evidence. The commission may designate 1 or more of its members or employees to hold public hearings and report thereon to the commission.

******* 125.1508 THIS SECTION IS REPEALED BY ACT 245 OF 1999 EFFECTIVE ON THE EFFECTIVE DATE OF THE LAST OF THE RULES UPDATING CERTAIN CODES PROMULGATED AFTER OCTOBER 15, 1999: See compiler's note *******

125.1508 Applicability of act and state construction code.

Sec. 8. (1) Except as otherwise provided in section 8a and until the promulgation of the complete code update under section 4, this act and the code apply throughout the state, except that a governmental subdivision may elect to exempt itself from certain parts of this act and the code by adopting and enforcing a nationally recognized model building code or other nationally recognized model codes. It is not necessary for a governmental subdivision to elect to exempt itself from every part of the code promulgated by the director in order to preserve its exemption election as to 1 or more nationally recognized model codes. A governmental subdivision may make this election by the passage of an ordinance adopting by reference or otherwise without amendment a nationally recognized model building code or other nationally recognized model codes. A county ordinance adopted pursuant to this act shall be adopted by the county board of commissioners and shall be signed by the chairperson of the county board of commissioners and certified by the county clerk. A governmental subdivision that elects not to be governed by certain parts of this act and the code shall review and update its codes by amending its ordinance at least once every 3 years by adopting without amendment all changes to those codes and submitting a certified copy of the amended ordinance to the commission. However, a governmental subdivision adopting nationally recognized model codes may approve amendments to those codes by ordinance. The amendments shall become effective 90 days after passage of the ordinance and 90 days after a certified copy of the ordinance is delivered to the commission, unless the commission determines after a public hearing that the codes, as amended, do not adequately protect the health, safety, or welfare of the people of the governmental subdivision, or that the amendments tend to unnecessarily increase construction costs; restrict the use of new materials, products, or methods of construction; provide preferential treatment to types or classes of materials, products, or methods of construction; or obstruct the substantive uniformity of building codes within a region or locality in the state.

(2) Within 10 days after December 30, 1980, the director shall provide a notice of intent form to all governmental subdivisions administering and enforcing a nationally recognized model code. This form shall set forth the date return receipt is required, which date shall not be less than 60 days after receipt. The chief elected official of the governmental subdivision that receives this notice shall indicate on the form the intention of the governmental subdivision as to whether it shall continue to administer and enforce its code and transmit this notice to the director within the prescribed period. If a governmental subdivision fails to submit a notice of intent to continue to administer and enforce its code within the date set forth in the notice, the director shall send a notice by registered mail to the clerk of that governmental subdivision. The registered notice shall indicate that the governmental subdivision has 15 additional days in which to submit a notice of intent to continue to administer and enforce its code. If the governmental subdivision does not respond by the end of the 15 additional days, it shall be conclusively presumed that the governmental subdivision does not intend to continue to administer and enforce its code, and the director shall assume the responsibility for administering and enforcing this act and the code in that governmental subdivision, unless the county within which that governmental subdivision is located has submitted a notice of intent to continue to administer and enforce this act and the code. Governmental subdivisions may provide by agreement for joint enforcement of another nationally recognized model code adopted pursuant to subsection (1).

(3) A county that was administering and enforcing this act and the code pursuant to section 9(1) on December 30, 1980, and has submitted a notice of intent to continue to administer and enforce the code

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

to the director pursuant to section 9, after December 30, 1980, may exempt itself pursuant to subsection (1) by the passage of an ordinance adopting by reference or otherwise without amendment a nationally recognized model building code or other nationally recognized model codes. However, that action shall not take effect until 90 days after passage of an ordinance to that effect. Before the effective date of this action and the effective date of the ordinance, a county that proposes to adopt an ordinance to this effect shall file the proposed ordinance for approval pursuant to subsection (1) with the commission. The commission shall review the proposed ordinance. If the commission does not approve or disapprove the proposed ordinance within 90 days after it is filed with the commission, the proposed ordinance shall be considered approved unless the county grants the commission additional time to consider the proposed ordinance. The director shall notify a county that elects to exempt itself pursuant to subsection (1) of all governmental subdivisions within their jurisdiction that have not submitted a notice of intent to continue to administer and enforce its code. It is the responsibility of that county to administer and enforce that code for all of the governmental subdivisions within the county that have not submitted a notice of intent to continue to administer and enforce its code within its jurisdiction. A structure commenced under an effective code shall be completed under that code. A county that elects to exempt itself in accordance with this subsection may exercise the option to administer and enforce this act and the code pursuant to section 9(1). However, the exercise of this election to administer and enforce this act and the code shall not take effect until 6 months after passage of an ordinance to that effect.

(4) A governmental subdivision that has elected to assume responsibility for the administration and enforcement of this act and the code, and has submitted a notice of intent to continue to administer and enforce the code to the director pursuant to section 9, after December 30, 1980, may reverse that election and exempt itself pursuant to subsection (1) by the passage of an ordinance adopting by reference or otherwise without amendment a nationally recognized model building code or other nationally recognized model codes. However, that action shall not take effect until 90 days after passage of an ordinance to that effect. Before the effective date of this action and the effective date of the ordinance, a governmental subdivision that proposes to adopt an ordinance to this effect shall file the proposed ordinance for approval pursuant to subsection (1) with the commission. The commission shall review the proposed ordinance. If the commission does not approve or disapprove the proposed ordinance within 90 days after it is filed with the commission, the proposed ordinance shall be considered approved unless the governmental subdivision grants the commission additional time to consider the proposed ordinance. A structure commenced under an effective code shall be completed under that code. A governmental subdivision that elects to exempt itself in accordance with this subsection may exercise the option to make itself subject to this act and the code pursuant to section 9(1). However, the exercise of this election to be subject to this act and the code shall not take effect until 6 months after passage of an ordinance to that effect.

(5) A governmental subdivision that has elected to exempt itself pursuant to subsection (1) may reverse that election, making itself subject to the act and the code. However, that action shall not take effect until 60 days after passage of an ordinance to that effect. A structure commenced under an effective code shall be completed under that code. A governmental subdivision that elects to make itself subject to the code in accordance with this subsection may exercise the option to exempt itself pursuant to subsection (1) not later than 3 years after its administration and enforcement of the code. However, that exemption shall not take effect until 1 year after passage of an ordinance to that effect.

(6) A governmental subdivision that before December 30, 1980, has not administered and enforced either this act and the code or another nationally recognized model code may elect to exempt itself from certain parts of this act and the code pursuant to subsection (1) by the passage of an ordinance to that effect. A governmental subdivision that makes this election after December 30, 1980 shall submit, in addition to the ordinance, an application to the commission for approval to administer and enforce that code within its jurisdiction. This application shall be made on the proper form to be provided by the commission. The standards for approval shall include, but not be limited to, the certification by the governmental subdivision that the enforcing agency is qualified by experience or training to administer and enforce that nationally recognized model code and all related acts and rules, that agency personnel are provided as necessary, administrative services are provided, plan review services are provided, and timely field inspection services shall be provided. The director shall seek additional information if the director considers it necessary. The commission shall render a decision on the application for approval to administer and enforce that code that has been adopted and transmit its findings to that governmental

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

subdivision within 90 days of receipt of the application. The commission shall document its reasons if the commission disapproves an application. A governmental subdivision that receives a disapproval may resubmit its application for approval. Upon receipt of approval from the commission for the administration and enforcement of that adopted code, the governmental subdivision shall administer and enforce that code within its jurisdiction pursuant to the provisions of its approved application.

(7) The state construction code or any of its sections shall take effect 6 months after the code's initial promulgation. The 6-month delay does not apply to rules promulgated to implement sections 13a, 13b, 19, and 21 and the requirements of barrier free design and energy conservation of this act and code. A governmental subdivision may not exempt itself from the requirements of this section, section 9(8) or (10), or section 9a, 10, 13a, 13b, 14, 15, 20, 21a, 22(1), 23, or 23a. The 6-month delay does not apply to amendments to the code or any of the code's sections after the initial promulgation. A governmental subdivision that elects to exempt itself from this act and the code may do so within 6 months after the promulgation of the code in the manner provided in subsection (1), except that any amendments the governmental subdivision adopts at that time are subject to review by the commission as set forth in subsection (1) within 120 days after a copy of the adopted amendments is delivered to the commission by certified mail with return receipt requested.

(8) A governmental subdivision that elects to exempt itself from certain parts of this act and the code pursuant to subsection (1) and is enforcing its code within its jurisdiction pursuant to subsection (1) may rescind that ordinance by which it elected to exempt itself from certain parts of this act and the code, and transfer the responsibility for the administration and enforcement of this act and the code within the governmental subdivision to the director. The director shall assume the responsibility for administering and enforcing this act and the code in that governmental subdivision, unless the county within which that governmental subdivision is located has submitted a notice of intent to continue to administer and enforce the code. However, that action shall not take effect until 12 months after the passage of an ordinance to that effect. A structure commenced under an effective code shall be completed under that code.

(9) Locally adopted codes do not apply to public or nonpublic schools within the governmental subdivision without concurrence by the school authorities having jurisdiction.

(10) Sections 10, 13a, 13b, 16, 17, 18, 19, 21, 21a, and 23a, subsection (13), and other provisions of this act and code directly relating to the provisions of sections 10, 13a, 13b, 16, 17, 18, 19, 21, 21a, and 23a, subsection (13), and provisions of the code relating to the requirements of barrier free design, energy conservation, and, except as provided in subsection (11), for plans submitted for approval after January 1, 1994 the type and number of plumbing fixtures for men and women required in an assembly building with an occupancy of more than 150 are effective throughout the state without local modifications notwithstanding the exception of subsections (1) to (9). The standards for premanufactured housing shall not be less than the standards required for nonpremanufactured housing, except that mobile homes shall be considered to have complied with this requirement by compliance with the state code provisions adopting a nationally recognized mobile home code. As used in this subsection, "assembly building" means a theater, sports arena, stadium, food service establishment with or without a liquor license, exhibition hall, library, recreation center, passenger terminal, and outdoor assembly structure which includes an outdoor grandstand, bleacher, colosseum, stadium, amusement park structure, and fair or carnival structure.

(11) With respect to the type and number of plumbing fixtures required for men and women in an assembly building pursuant to subsection (10), the director, in his or her sole discretion, may exempt from the effective date provision those projects for which plans were near finalization before January 1, 1994, but were submitted after that date.

(12) The commission may limit the application of a part of the code to include or exclude the following:

(a) Specified classes or types of buildings or structures, according to use, or other distinctions as may make differentiation or separate classification or regulation necessary, proper, or desirable. The commission shall consider the specific problems of the construction or alteration of a single family, owner-occupied recreational dwelling that is located in a sparsely populated area and that is to be occupied on a part-time basis.

(b) Specified areas of the state based on size, population density, special conditions prevailing in the area, or other factors as may make differentiation or separate classification or regulation necessary, proper, or desirable.

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

(13) A building or structure that has baby changing stations in the women's restrooms shall have baby changing stations in the men's restrooms.

(14) The code shall provide, where appropriate, for standards involving location and construction of ratwalls that are not less than those standards in existence on the effective date of the amendatory act that added this subsection.

Popular name: Act 230

Administrative rules: R 408.30101 et seq. of the Michigan Administrative Code.

125.1508a Applicability of act and state construction code.

Sec. 8a. (1) This act and the code apply throughout the state.

(2) Within 10 days after the effective date of this subsection, the director shall provide a notice of intent form to all governmental subdivisions administering and enforcing a nationally recognized model code other than the code established by the commission under this act. This form shall set forth the date return receipt is required, which date shall not be less than 60 days after receipt. The chief elected official of the governmental subdivision that receives this notice shall indicate on the form the intention of the governmental subdivision as to whether it shall administer and enforce the code and transmit this notice to the director within the prescribed period. If a governmental subdivision fails to submit a notice of intent to administer and enforce the code within the date set forth in the notice, the director shall send a notice by registered mail to the clerk of that governmental subdivision. The registered notice shall indicate that the governmental subdivision has 15 additional days in which to submit a notice of intent to administer and enforce the code. If the governmental subdivision does not respond by the end of the 15 additional days, it shall be conclusively presumed that the governmental subdivision does not intend to administer and enforce the code, and the director shall assume the responsibility for administering and enforcing this act and the code in that governmental subdivision, unless the county within which that governmental subdivision is located has submitted a notice of intent to continue to administer and enforce this act and the code. Governmental subdivisions may provide by agreement for joint enforcement of the code.

(3) A governmental subdivision that has elected to assume responsibility for the administration and enforcement of this act and the code, and has submitted a notice of intent to continue to administer and enforce the code to the director pursuant to section 8b, after the effective date of this subsection, may reverse that election.

(4) A governmental subdivision that, before the effective date of this subsection, has elected to exempt itself pursuant to section 8(1) may reverse that election, making itself subject to the act and the code. However, that action shall not take effect until 60 days after passage of an ordinance to that effect. A structure commenced under an effective code shall be completed under that code.

(5) A governmental subdivision that, before the effective date of this subsection, has not administered and enforced either this act and the code or another nationally recognized model code may elect to enforce this act and the code pursuant to subsection (1) by the passage of an ordinance to that effect. A governmental subdivision that makes this election after the effective date of this subsection shall submit, in addition to the ordinance, an application to the commission for approval to administer and enforce that code within its jurisdiction. This application shall be made on the proper form to be provided by the commission. The standards for approval shall include, but not be limited to, the certification by the governmental subdivision that the enforcing agency is qualified by experience or training to administer

and enforce the code and all related acts and rules, that agency personnel are provided as necessary, administrative services are provided, plan review services are provided, and timely field inspection services shall be provided. The director shall seek additional information if the director considers it necessary. The commission shall render a decision on the application for approval to administer and enforce the code that has been adopted and transmit its findings to that governmental subdivision within 90 days of receipt of the application. The commission shall document its reasons if the commission disapproves an application. A governmental subdivision that receives a disapproval may resubmit its application for approval. Upon receipt of approval from the commission for the administration and enforcement of the code, the governmental subdivision shall administer and enforce the code within its jurisdiction pursuant to the provisions of its approved application.

(6) The code or any of its sections shall take effect 6 months after the code's initial promulgation. The 6-month delay does not apply to rules promulgated to implement sections 13a, 13b, 13c, 19, and 21 and the requirements of barrier free design and energy conservation of this act and code. The 6-month delay does not apply to amendments to the code or any of the code's sections after the initial promulgation.

(7) The standards for premanufactured housing shall not be less than the standards required for nonpremanufactured housing, except that manufactured homes labeled pursuant to the national manufactured housing construction and safety standards act of 1974, title VI of the housing and community development act of 1974, Public Law 93-383, 42 U.S.C. 5401 to 5426, shall be considered to have complied with this requirement.

(8) The commission may limit the application of a part of the code to include or exclude the following:

(a) Specified classes or types of buildings or structures, according to use, or other distinctions as may make differentiation or separate classification or regulation necessary, proper, or desirable. The commission shall consider the specific problems of the construction or alteration of a single family, owner-occupied recreational dwelling that is located in a sparsely populated area and that is to be occupied on a part-time basis.

(b) Specified areas of the state based on size, population density, special conditions prevailing in the area, or other factors as may make differentiation or separate classification or regulation necessary, proper, or desirable.

(9) A building or structure that has baby changing stations in the women's restrooms shall have baby changing stations in the men's restrooms.

(10) The code shall provide, where appropriate, for standards involving location and construction of ratwalls that are not less than those standards in existence on the effective date of this section.

Popular name: Act 230

125.1508b Administration of act and state construction code.

Sec. 8b. (1) Except as otherwise provided in this section, the director is responsible for administration and enforcement of this act and the code. A governmental subdivision may by ordinance assume responsibility for administration and enforcement of this act within its political boundary. A county ordinance adopted pursuant to this act shall be adopted by the county board of commissioners and shall be signed by the chairperson of the county board of commissioners and certified by the county clerk.

(2) A governmental subdivision that has assumed the responsibility for administering and enforcing this act and the code may, through its chief legal officer, issue a complaint and obtain a warrant for a violation of this act or the code and prosecute the violation with the same power and authority it possesses in prosecuting a local ordinance violation. If pursuant to section 23, a governmental subdivision has by ordinance designated a violation of the act or code as a municipal civil infraction, the governmental subdivision may issue a citation or municipal ordinance violation notice pursuant to chapter 87 of the revised judicature act of 1961, 1961 PA 236, MCL 600.8701 to 600.8735, for a violation of the act or code. Unless otherwise provided by local law or ordinance, the legislative body of a governmental subdivision responsible for administration and enforcement of this act and the code shall

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

designate an enforcing agency that shall discharge the responsibilities of the governmental subdivision under this act. Governmental subdivisions may provide by agreement for joint enforcement of this act.

(3) Subject to the other provisions of this act, an enforcing agency is any official or agent of a governmental subdivision that is registered under the building officials and inspectors registration act, 1986 PA 54, MCL 338.2301 to 338.2313, qualified by experience or training to perform the duties associated with construction code administration and enforcement.

(4) Before the effective date of this section, the director shall provide each governmental subdivision administering and enforcing this act and the code with a notice of intent form. This form shall set forth the date return receipt is required, which date shall not be less than 60 days. The chief elected official of the governmental subdivision that receives this notice shall indicate on the form the intention of the governmental subdivision as to whether it shall continue to administer and enforce this act and the code and transmit this notice to the director within the prescribed period. If a governmental subdivision fails to submit a notice of intent to continue to administer and enforce this act and the code within the date set forth in the notice, the director shall send a notice by registered mail to the clerk of that governmental subdivision. This notice shall indicate that the governmental subdivision has 15 additional days in which to submit a notice of intent to continue to administer and enforce this act and the code. If the governmental subdivision does not respond by the end of the 15 additional days, it shall be conclusively presumed that the governmental subdivision does not intend to continue to administer and enforce this act and the code and the director shall assume the responsibility for administering and enforcing this act and the code in that governmental subdivision, unless the county within which the governmental subdivision is located submits a notice of intent to continue to administer and enforce this act and the code.

(5) A county that is administering and enforcing this act and the code on the effective date of this section and that submits a notice of intent to continue to administer and enforce this act and the code pursuant to subsection (4) is responsible for the administration and enforcement of this act and the code for each governmental subdivision within the county that does not submit a notice of intent to administer and enforce this act and the code. The director shall notify the county of those governmental subdivisions that do not submit a notice of intent.

(6) A governmental subdivision that, before the effective date of this section, did not administer and enforce this act and the code may elect to assume the responsibility for the administration and enforcement of this act and the code pursuant to subsection (1) by the passage of an ordinance to that effect. A governmental subdivision that makes this election after the effective date of this section shall submit, in addition to the ordinance, an application to the commission for approval to administer and enforce this act and the code within its jurisdiction. This application shall be made on the proper form to be provided by the commission. The standards for approval shall include, but not be limited to, the certification by the governmental subdivision that the enforcing agency is qualified by experience or training to administer and enforce this act and the code and all related acts and rules, that agency personnel are provided as necessary, that administrative services are provided, that plan review services are provided, and that timely field inspection services will be provided. The director shall seek additional information if the director considers it necessary. The commission shall render a decision on the application for approval to administer and enforce this act and the code and transmit its findings to the governmental subdivision within 90 days of receipt of the application. The commission shall document its reasons, if the commission disapproves an application. A governmental subdivision that receives a disapproval may resubmit its application for approval. Upon receipt of approval from the commission for the administration and enforcement of this act and the code, the governmental subdivision shall administer and enforce this act and the code within its jurisdiction pursuant to the provisions of this act and the application.

(7) A governmental subdivision that elects to administer and enforce this act and the code within its jurisdiction by the adoption of an ordinance may rescind that ordinance and transfer the responsibility for the administration and enforcement of this act and the code to the director. The director shall assume the responsibility for administering and enforcing this act and the code in that governmental subdivision, unless the county within which that governmental subdivision is located has submitted a notice of intent to continue to administer and enforce the code. However, that action shall not take effect until 12 months after the passage of an ordinance to that effect. A structure commenced under an effective code shall be completed under that code.

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

(8) The director is responsible for administration and enforcement of this act and the code for buildings and structures that are not under the responsibility of an enforcing agency in those governmental subdivisions that elect to administer and enforce this act and the code. A building or structure owned by the state shall not be erected, remodeled, or reconstructed in the state, except school buildings or facilities or institutions of higher education as described in section 4 of article VIII of the state constitution of 1963, until written approval of the plans and specifications has been obtained from the bureau of construction codes located within the department indicating that the state owned facilities shall be designed and constructed in conformance with the state construction code. The bureau of construction codes shall be the lead agency in the coordination and implementation of this subsection. The bureau of construction codes shall perform required plan reviews and inspections as required by the state construction code. Each department shall secure required plan approvals and permits from the bureau. Fees charged by the bureau for permits shall be in accordance with the commission's approved schedule of fees. State departments and institutions may allow local inspectors to inspect the construction of state owned facilities. However, an inspection conducted by a local inspector shall be of an advisory nature only.

(9) This section does not affect the responsibilities of the commission for administration and enforcement of this act under other sections of this act, or responsibilities under the fire prevention code, 1941 PA 207, MCL 29.1 to 29.34, except sections 6 and 7 of the fire prevention code, 1941 PA 207, MCL 29.6 and 29.7; 1937 PA 306, MCL 388.851 to 388.855a; the fire fighters training council act of 1966, 1966 PA 291, MCL 29.361 to 29.377; 1942 (1st Ex Sess) PA 9, MCL 419.201 to 419.205; parts 215 and 217 of the public health code, 1978 PA 368, MCL 333.21501 to 333.21799e; and section 58 of the social welfare act, 1939 PA 280, MCL 400.58.

(10) Pursuant to parts 215 and 217 of the public health code, 1978 PA 368, MCL 333.21501 to 333.21799e, the director shall develop consistent construction standards for hospitals and nursing homes. These standards shall ensure that consistent, uniform, and equitable construction requirements and state supervision of the requirements are achieved. This subsection does not preclude a state agency or a governmental subdivision from conducting plan reviews or inspections necessary to ensure compliance with approved construction plans.

(11) Except as otherwise provided in this act, this act does not limit or restrict existing powers or authority of governmental subdivisions, and this act shall be enforced by governmental subdivisions in the manner prescribed by local law or ordinance. To the extent not inconsistent with this act, local laws and ordinances relating to administration and enforcement of construction regulations enacted before the effective date of the code by or for a governmental subdivision are applicable to administration and enforcement of the code in that governmental subdivision.

125.1509 Administration and enforcement of act and state construction code.

Sec. 9. (1) Except as otherwise provided in this section, the executive director is responsible for administration and enforcement of this act and the code. A governmental subdivision may by ordinance assume responsibility for administration and enforcement of this act within its political boundary. A county ordinance adopted pursuant to this act shall be adopted by the county board of commissioners and shall be signed by the chairperson of the county board of commissioners and certified by the county clerk.

(2) A governmental subdivision that has assumed the responsibility for administering and enforcing

this act and the code may through its chief legal officer issue a complaint and obtain a warrant for a violation of this act or the code and prosecute the violation with the same power and authority it possesses in prosecuting a local ordinance violation. If pursuant to section 23, a governmental subdivision has by ordinance designated a violation of the act or code as a municipal civil infraction, the governmental subdivision may issue a citation or municipal ordinance violation notice pursuant to chapter 87 of the revised judicature act of 1961, Act No. 236 of the Public Acts of 1961, being sections 600.8701 to 600.8733 of the Michigan Compiled Laws, for a violation of the act or code. Unless otherwise provided by local law or ordinance, the legislative body of a governmental subdivision responsible for administration and enforcement of this act and the code shall designate an enforcing agency that shall discharge the responsibilities of the governmental subdivision under this act. Governmental subdivisions may provide by agreement for joint enforcement of this act.

(3) Subject to the other provisions of this act, an enforcing agency is any official or agent of a governmental subdivision qualified by experience or training to perform the duties associated with construction code administration and enforcement.

(4) Before January 10, 1981, the executive director shall provide each governmental subdivision administering and enforcing this act and the code with a notice of intent form. This form shall set forth the date return receipt is required, which date shall not be less than 60 days. The chief elected official of the governmental subdivision that receives this notice shall indicate on the form the intention of the governmental subdivision as to whether it shall continue to administer and enforce this act and the code and transmit this notice to the executive director within the prescribed period. If a governmental subdivision fails to submit a notice of intent to continue to administer and enforce this act and the code within the date set forth in the notice, the executive director shall send a notice by registered mail to the clerk of that governmental subdivision. This notice shall indicate that the governmental subdivision has 15 additional days in which to submit a notice of intent to continue to administer and enforce this act and the code. (5) A county that is administering and enforcing this act and the code on December 30, 1980 and that submits a notice of intent to continue to administer and enforce this act and the code pursuant to subsection (4) is responsible for the administration and enforcement of this act and the code for each governmental subdivision within the county that does not submit a notice of intent to continue to administer and enforce this act and the code or another nationally recognized model code within its jurisdiction. The executive director shall notify the county of those governmental subdivisions that do not submit a notice of intent.

(6) A governmental subdivision that, before December 30, 1980, did not administer and enforce either this act and the code or another nationally recognized model code may elect to assume the responsibility for the administration and enforcement of this act and the code pursuant to subsection (1) by the passage of an ordinance to that effect. A governmental subdivision that makes this election after December 30, 1980 shall submit, in addition to the ordinance, an application to the commission for approval to administer and enforce this act and the code within its jurisdiction. This application shall be made on the proper form to be provided by the commission. The standards for approval shall include, but not be limited to, the certification by the governmental subdivision that the enforcing agency is qualified by experience or training to administer and enforce this act and the code and all related acts and rules, that agency personnel are provided as necessary, that administrative services are provided, that plan review services are provided, and that timely field inspection services will be provided. The executive director shall seek additional information if the executive director considers it necessary. The commission shall render a decision on the application for approval to administer and enforce this act and the code and transmit its findings to the governmental subdivision within 90 days of receipt of the application. The commission shall document its reasons, if the commission disapproves an application. A governmental subdivision that receives a disapproval may resubmit its application for approval. Upon receipt of approval from the commission for the administration and enforcement of this act and the code, the governmental subdivision shall administer and enforce this act and the code within its jurisdiction.

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

pursuant to the provisions of this act and the application.

(7) A governmental subdivision that elects to administer and enforce this act and the code within its jurisdiction by the adoption of an ordinance may rescind that ordinance and transfer the responsibility for the administration and enforcement of this act and the code to the executive director. The executive director shall assume the responsibility for administering and enforcing this act and the code in that governmental subdivision, unless the county within which that governmental subdivision is located has submitted a notice of intent to continue to administer and enforce the code. However, that action shall not take effect until 12 months after the passage of an ordinance to that effect. A structure commenced under an effective code shall be completed under that code.

(8) The executive director is responsible for administration and enforcement of this act and the code for buildings and structures that are not under the responsibility of an enforcing agency in those governmental subdivisions that elect to administer and enforce this act and the code or another nationally recognized model code. A building or structure owned by the state shall not be erected, remodeled, or reconstructed in the state after December 30, 1980, except school buildings or facilities or institutions of higher education as described in section 4 of article VIII of the state constitution of 1963, until written approval of the plans and specifications has been obtained from the bureau of construction codes located within the department of labor indicating that the state owned facilities shall be designed and constructed in conformance with the state construction code. This subsection does not apply to any state owned facility for which construction commenced before December 30, 1980. The bureau of construction codes shall be the lead agency in the coordination and implementation of this subsection. The bureau of construction codes shall perform required plan reviews and inspections as required by the state construction code. Each department shall secure required plan approvals and permits from the bureau. Fees charged by the bureau for permits shall be in accordance with the commission's approved schedule of fees. State departments and institutions may allow local inspectors to inspect the construction of state owned facilities. However, an inspection conducted by a local inspector shall be of an advisory nature only.

(9) This section does not affect the responsibilities of the commission for administration and enforcement of this act pursuant to other sections of this act, or responsibilities pursuant to the fire prevention code, Act No. 207 of the Public Acts of 1941, as amended, being sections 29.1 to 29.33 of the Michigan Compiled Laws, except sections 6 and 7 of Act No. 207 of the Public Acts of 1941, as amended, being sections 29.6 and 29.7 of the Michigan Compiled Laws; Act No. 306 of the Public Acts of 1937, as amended, being sections 388.851 to 388.855a of the Michigan Compiled Laws; the fire fighters training council act of 1966, Act No. 291 of the Public Acts of 1966, as amended, being sections 29.361 to 29.377 of the Michigan Compiled Laws; Act No. 9 of the Public Acts of the First Extra Session of 1942, as amended, being sections 419.201 to 419.205 of the Michigan Compiled Laws; parts 215 and 217 of the public health code, Act No. 368 of the Public Acts of 1978, as amended, being sections 333.21501 to 333.21799e of the Michigan Compiled Laws; and section 58 of the social welfare act, Act No. 280 of the Public Acts of 1939, as amended, being section 400.58 of the Michigan Compiled Laws.

(10) Pursuant to parts 215 and 217 of Act No. 368 of the Public Acts of 1978, as amended, the directors of the department of labor, public health, and state police, or their designees, shall develop consistent construction standards for hospitals and nursing homes. These standards shall ensure that consistent, uniform, and equitable construction requirements and state supervision of the requirements are achieved and that unnecessary duplication is avoided. The commission shall delegate plan review and approval of health facility construction plans to the department of health. This subsection does not preclude a state agency or a governmental subdivision from conducting plan reviews or inspections necessary to ensure compliance with approved construction plans.

(11) Except as otherwise provided in this act, this act does not limit or restrict existing powers or authority of governmental subdivisions, and this act shall be enforced by governmental subdivisions in the manner prescribed by local law or ordinance. To the extent not inconsistent with this act, local laws and ordinances relating to administration and enforcement of construction regulations enacted before the effective date of the code by or for a governmental subdivision are applicable to administration and enforcement of the code in that governmental subdivision.

125.1509a Performance evaluation of enforcing agency; findings and recommendations; notice; appeal; hearing; decision; review.

Sec. 9a. (1) The executive director, as prescribed in this section, may conduct a performance evaluation of an enforcing agency to assure that the administration and enforcement of either a nationally recognized model code or this act and the code is being done pursuant to either section 8 or section 9. A performance evaluation may only be conducted either at the request of the local enforcing agency or upon the receipt of a written complaint. If a performance evaluation is to be conducted upon the receipt of a written complaint, the executive director shall first refer the written complaint to the affected enforcing agency requesting a written response within 10 days. If the local enforcing agency fails to provide a written response, or if the response is considered inadequate, the executive director shall consult with the commission and request approval to conduct the performance evaluation. The executive director shall submit a written recommendation to the commission and shall send a copy to the affected enforcing agency, along with a reasonable notice of the commission meeting at which the recommendation will be presented. The decision of the commission to proceed with a performance evaluation shall be made at a public meeting. This decision shall be mailed to the enforcing agency 10 days in advance of conducting the performance evaluation.

(2) When conducting a performance evaluation of an enforcing agency, the executive director may request that the local enforcing agency accompany the executive director or other state inspectors on inspections. The inspections shall be for the enforcement of this act and the code or another nationally recognized model code. The enforcing agency shall maintain all official records and documents relating to applications for permits, inspection records including correction notices, orders to stop construction, and certificates of use and occupancy. The enforcing agency shall make available for review all official records between 8 a.m. and 5 p.m. on business days.

(3) Upon completion of a performance evaluation, the executive director shall report the findings and any recommendations to the commission and the local enforcing agency. The commission may issue a notice of intent to withdraw the responsibility for the administration and enforcement of this act and the code, or a nationally recognized model building code, or other nationally recognized model codes from a governmental subdivision after receiving the results of a performance evaluation. The notice shall include the right to appeal within 30 business days after receipt of the notice of intent to withdraw the responsibility. The notice shall also include the findings of the executive director, after completion of a performance evaluation, that the enforcing agency of that governmental subdivision has failed to follow the duties recognized under this act, the code, or its ordinance, or that the enforcing agency has failed in the administration and enforcement of other nationally recognized model codes adopted by that governmental subdivision. Failure by the enforcing agency, or the chief elected official of that governmental subdivision to request a hearing within 30 business days after receipt of the notice of intent to withdraw the responsibility shall be considered to exhaust the enforcing agency's administrative remedies and the notice shall be considered a final order of the commission under Act No. 306 of the Public Acts of 1969, as amended. The executive director shall assume responsibility for the

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

administration and enforcement of this act and the code, unless the county within which that governmental subdivision is located has submitted a notice of intent to continue to administer and enforce this act and the code, when the notice is considered a final order of the commission. A structure commenced under an effective code shall be completed under that code.

(4) If an enforcing agency or the chief elected official of the governmental subdivision transmits an appeal of the notice of intent to withdraw the responsibility issued under subsection (3), the commission chairperson shall request the office of hearings to appoint a hearings officer. The hearings officer shall conduct a hearing of the appeal pursuant to Act No. 306 of the Public Acts of 1969, as amended, and issue a proposed decision which shall be sent to the affected parties. The proposed decision shall become the final order issued by the commission, unless exceptions are filed by a party within 30 days after receipt of the proposed decision. The commission shall review the proposed decision when exceptions are filed.

(5) The commission in reviewing a proposed decision may affirm, modify, reverse, or remand the proposed decision. When the commission affirms, modifies, reverses, or remands a proposed decision, the decision of the commission shall be in writing and contain the findings of fact and conclusions of law upon which its decision is based. Other than in a case of remand, the period for seeking judicial review of the commission's decision under section 104 of Act No. 306 of the Public Acts of 1969, as amended, being section 24.304 of the Michigan Compiled Laws, shall begin to run upon receipt by the parties of the commission's written decision.

125.1509b Performance evaluation of enforcing agency.

Sec. 9b. (1) The director, as prescribed in this section, may conduct a performance evaluation of an enforcing agency to assure that the administration and enforcement of this act and the code is being done pursuant to either section 8a or 8b. A performance evaluation may only be conducted either at the request of the local enforcing agency or upon the receipt of a written complaint. If a performance evaluation is to be conducted upon the receipt of a written complaint, the director shall first refer the written complaint to the affected enforcing agency requesting a written response within 10 days. If the local enforcing agency fails to provide a written response, or if the response is considered inadequate, the director shall consult with the commission and request approval to conduct the performance evaluation. The director shall submit a written recommendation to the commission and shall send a copy to the affected enforcing agency, along with a reasonable notice of the commission meeting at which the recommendation will be presented. The decision of the commission to proceed with a performance evaluation shall be made at a public meeting. This decision shall be mailed to the enforcing agency 10 days in advance of conducting the performance evaluation.

(2) When conducting a performance evaluation of an enforcing agency, the director may request that the local enforcing agency accompany the director or other state inspectors on inspections. The inspections shall be for the enforcement of this act and the code. The enforcing agency shall maintain all official records and documents relating to applications for permits, inspection records including correction notices, orders to stop construction, and certificates of use and occupancy. The enforcing agency shall make available for review all official records between 8 a.m. and 5 p.m. on business days.

(3) Upon completion of a performance evaluation, the director shall report the findings and any recommendations to the commission and the local enforcing agency. The commission may issue a notice of intent to withdraw the responsibility for the administration and enforcement of this act and the code from a governmental subdivision after receiving the results of a performance evaluation. The notice shall include the right to appeal within 30 business days after receipt of the notice of intent to withdraw the

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

responsibility. The notice shall also include the findings of the director, after completion of a performance evaluation, that the enforcing agency of that governmental subdivision has failed to follow the duties recognized under this act, the code, or its ordinance. Failure by the enforcing agency or the chief elected official of that governmental subdivision to request a hearing within 30 business days after receipt of the notice of intent to withdraw the responsibility shall be considered to exhaust the enforcing agency's administrative remedies and the notice shall be considered a final order of the commission under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. The director shall assume responsibility for the administration and enforcement of this act and the code, unless the county within which that governmental subdivision is located has submitted a notice of intent to continue to administer and enforce this act and the code, when the notice is considered a final order of the commission. A structure commenced under an effective code shall be completed under that code.

(4) If an enforcing agency or the chief elected official of the governmental subdivision transmits an appeal of the notice of intent to withdraw the responsibility issued under subsection (3), the commission chairperson shall request appointment of a hearings officer. The hearings officer shall conduct a hearing of the appeal pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, and issue a proposed decision which shall be sent to the affected parties. The proposed decision shall become the final order issued by the commission, unless exceptions are filed by a party within 30 days after receipt of the proposed decision. The commission shall review the proposed decision when exceptions are filed.

(5) The commission in reviewing a proposed decision may affirm, modify, reverse, or remand the proposed decision. When the commission affirms, modifies, reverses, or remands a proposed decision, the decision of the commission shall be in writing and contain the findings of fact and conclusions of law upon which its decision is based. Other than in a case of remand, the period for seeking judicial review of the commission's decision under section 104 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.304, shall begin to run upon receipt by the parties of the commission's written decision.

125.1510 Application for building permit; form; fee; contents; statement; site plan; affidavit; filing written instrument designating agent, attorney, architect, engineer, or builder; additional information required for residential builder or residential maintenance and alteration contractor, master or journeyman plumber, electrical contractor or master or journeyman electrician, or mechanical contractor; statement required in building application form; filing application; availability of application and other writings to public; custody of application; imposition of requirements for additional permits; buildings for which permit not required.

Sec. 10. (1) Except as otherwise provided in the code, before construction of a building or structure, the owner, or the owner's builder, architect, engineer, or agent, shall submit an application in writing to the appropriate enforcing agency for a building permit. The application shall be on a form prescribed by the commission and shall be accompanied by payment of the fee established by the enforcing agency. The application shall contain a detailed statement in writing, verified by affidavit of the person making it, of the specifications for the building or structure, and full and complete copies of the plans drawn to scale of the proposed work. A site plan showing the dimensions, and the location of the proposed building or structure and other buildings or structures on the same premises, shall be submitted with the application. The application shall state in full the name and residence, by street and number, of the owner in fee of the premises on which the building or structure will be constructed, and the purposes for which it will be used.

(2) If construction is proposed to be undertaken by a person other than the owner of the land in fee, the statement shall contain the full name and residence, by street and number, of the owner and also of the person proposing the construction. The affidavit shall state that the specifications and plans are true and complete and contain a correct description of the building or structure, lot, and proposed work. The

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

statements and affidavits may be made by an owner, or the owner's attorney, agent, engineer, architect, or builder, by the person who proposes to make the construction or alteration, or by that person's agent, engineer, architect, or builder. A person shall not be recognized as the agent, attorney, engineer, architect, or builder of another person unless the person files with the enforcing agency a written instrument, which shall be an architectural, engineering or construction contract, power of attorney, or letter of authorization signed by that other person designating the person as the agent, attorney, architect, engineer, or builder and, in case of a residential builder or maintenance and alteration contractor, architect, or engineer, setting forth the person's license number and the expiration date of the license.

(3) A person licensed or required to be licensed as a residential builder or residential maintenance and alteration contractor under the occupational code, 1980 PA 299, MCL 339.101 to 339.2721, a master or journeyman plumber pursuant to 1929 PA 266, MCL 338.901 to 338.917, an electrical contractor or master or journeyman electrician pursuant to the electrical administrative act, 1956 PA 217, MCL 338.881 to 338.892, or pursuant to a local ordinance, or as a mechanical contractor pursuant to the forbes mechanical contractors act, 1984 PA 192, MCL 338.971 to 338.988, who applies for a building permit to perform work on a residential building or a residential structure shall, in addition to any other information required pursuant to this act, provide on the building permit application all of the following information:

(a) The occupational license number of the applicant and the expiration date of the occupational license.

(b) One of the following:

(i) The name of each carrier providing worker's disability compensation insurance to the applicant if the applicant is required to be insured pursuant to the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941.

(ii) The reasons for exemption from the requirement to be insured if the applicant is not required to be insured under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941.

(c) One of the following:

(i) The employer identification number, if the applicant is required to have an employer identification number pursuant to section 6109 of the internal revenue code.

(ii) The reasons for exemption from the requirement to have an employer identification number pursuant to section 6109 of the internal revenue code if the applicant is not required to have an employer identification number pursuant to section 6109 of the internal revenue code.

(d) One of the following:

(i) The Michigan employment security commission employer number, if the applicant is required to make contributions pursuant to the Michigan employment security act, 1936 (Ex Sess) PA 1, MCL 421.1 to 421.75.

(ii) If the applicant is not required to make contributions, the reasons for exemptions from the requirement to make contributions under the Michigan employment security act, 1936 (Ex Sess) PA 1, MCL 421.1 to 421.75.

(4) The building permit application form shall contain the following statement in 8-point boldfaced type immediately above the location for the applicant's signature:

"Section 23a of the state construction code act of 1972, 1972 PA 230, MCL 125.1523a, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of section 23a are subjected to civil fines."

(5) The application for a building permit shall be filed with the enforcing agency and the application and any other writing prepared, owned, used, in the possession of, or retained by the enforcing agency in the performance of an official function shall be made available to the public in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246. An application shall not be removed from the custody of the enforcing agency after a building permit has been issued.

(6) This section shall be construed to allow the imposition of requirements in the code, or in other laws or ordinances, for additional permits for particular kinds of work, including plumbing and electrical, or in other specified situations. The requirements of the code may provide for issuance of construction permits for certain of the systems of a structure and allow construction to commence on those systems approved under that permit even though the design and approval of all the systems of the structure have

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

not been completed and subsequent construction permits have not been issued.

(7) Notwithstanding this section, a building permit is not required for ordinary repairs of a building and structure.

(8) Notwithstanding this section, a building permit is not required for a building incidental to the use for agricultural purposes of the land on which the building is located if it is not used in the business of retail trade.

125.1511 Building permit; examination and approval of application; issuance; changes in plans; commencement of construction; compliance with application; suspension, revocation, or cancellation. [M.S.A. 5.2949(11)]

Sec. 11. (1) The enforcing agency shall examine an application for a building permit. If the application conforms to this act, the code and the requirements of other applicable laws and ordinances, the enforcing agency shall approve the application and issue a building permit to the applicant. An application shall be granted, in whole or in part, or denied within 10 business days, except that in case of an unusually complicated building or structure, action shall be taken within 15 business days. Failure by an enforcing agency to grant, in whole or in part, or deny an application within these periods of time shall be deemed a denial of the application for purposes of authorizing the institution of an appeal to the appropriate board of appeals. The enforcing agency shall approve changes in plans and specifications previously approved by it, if the changes require approval and if the plans and specifications when so changed remain in conformity with law. Except as otherwise provided in this act or the code, the construction or alteration of a building or structure shall not be commenced until a building permit has been issued. The construction of a building or structure shall comply with the approved application for a building permit, and the enforcing agency shall insure such compliance in the manner provided in section 12 and in any other way it deems appropriate.

(2) The enforcing agency may suspend, revoke or cancel a building permit in case of failure or neglect to comply with the provisions of this act or the code, or upon a finding by it that a false statement or representation has been made in the application for the building permit.

125.1512 Inspection of construction; consent; time; inspectors; notice of violation; stop order; injunction. [M.S.A. 5.2949(12)]

Sec. 12. (1) An enforcing agency shall periodically inspect all construction undertaken pursuant to a building permit issued by it to insure that the construction is performed in accordance with conditions of the building permit and is consistent with requirements of the code and other applicable laws and ordinances.

(2) The owner of premises on which a building or structure is being constructed is deemed to have consented to inspection by the enforcing agency and the commission of the entire premises and of any construction being performed on it until a certificate of use and occupancy has been issued. An inspector, or team of inspectors, on presentation of proper credentials, may enter and inspect the premises and construction thereon, for purposes of insuring compliance with the building permit, the code and other applicable laws and regulations. An inspection shall be made between 8 a.m. and 6 p.m. on business days, or when construction is actually being undertaken, except if the enforcing agency has probable cause to believe that an immediate danger to life, limb or property exists, or except with permission of an owner, or his agent, architect, engineer or builder. An inspection pursuant to this section shall be solely for purposes of enforcing this act and other laws and ordinances related to construction of buildings and structures. A person other than the owner, his agent, architect, engineer or builder shall not accompany an inspector or team of inspectors on an inspection, unless his presence is necessary for the enforcement of this act, or other laws and ordinances related to construction of the building or structure, or except with the consent of an owner, or his agent, architect, engineer or builder.

(3) If construction is being undertaken contrary to a building permit, this act, or other applicable laws

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

or ordinances, the enforcing agency shall give written notice to the holder of the building permit, or if a permit has not been issued then to the person doing the construction, notifying him of the violation of this act, or other applicable laws and ordinances, and to appear and show cause why the construction should not be stopped. If the person doing the construction is not known, or cannot be located with reasonable effort, the notice may be delivered to the person in charge of, or apparently in charge of, the construction. If the holder of the permit or the person doing the construction fails to appear and show good cause within 1 full working day after notice is delivered, the enforcing agency shall cause a written order to stop construction to be posted on the premises. A person shall not continue, or cause or allow to be continued, construction in violation of a stop construction order, except with permission of the enforcing agency to abate the dangerous condition or remove the violation, or except by court order. If an order to stop construction is not obeyed, the enforcing agency may apply to the circuit court for the county in which the premises are located for an order enjoining the violation of the stop construction order. This remedy is in addition to, and not in limitation of, any other remedy provided by law or ordinance, and does not prevent criminal prosecution for failure to obey the order.

(4) Without limitation on other available remedies, an interested person may apply for an order, enjoining the continuation of construction undertaken in violation of a building permit, this act, the code or other applicable laws or ordinances, to the circuit court for the county in which the premises are located.

Sec. 13. A building or structure hereafter constructed shall not be used or occupied in whole or in part until a certificate of use and occupancy has been issued by the appropriate enforcing agency. A building or structure hereafter altered in whole or in part shall not be used or occupied until such a certificate has been issued, except that a use or occupancy in an already existing building or structure that was not discontinued during its alteration may be continued for 30 days after completion of the alteration without issuance of a certificate of use and occupancy. A certificate of use and occupancy shall be issued by the enforcing agency when the work covered by a building permit has been completed in accordance with the permit, the code and other applicable laws and ordinances. On request of a holder of a building permit the enforcing agency may issue a temporary certificate of use and occupancy for a building or structure, or part thereof, before the entire work covered by the building permit has been completed, if the parts of the building or structure to be covered by the certificate may be occupied before completion of all the work in accordance with the permit, the code and other applicable laws and ordinances, without endangering the health or safety of the occupants or users. When a building or structure is entitled thereto, the enforcing agency shall issue a certificate of use and occupancy within 5 business days after receipt of a written application therefor on a form to be prescribed by the enforcing agency and payment of the fee to be established by it. The certificate of use and occupancy shall certify that the building or structure has been constructed in accordance with the building permit, the code and other applicable laws and ordinances. The application for a certificate of use and occupancy for a new dwelling with a unit or units for rent shall set forth the information required in an application for a certificate of compliance for such a dwelling pursuant to the state housing law, and the certificate of use and occupancy for such a dwelling shall be deemed its initial certificate of compliance. The enforcing agency shall give the owner of the building or structure or his agent at least 12 hours' notice of the time of any final inspection, by the enforcing agency of the work covered by the building permit, pursuant to the application for a certificate of use and occupancy.

remote from, or adjacent to, the appliance location.

(b) "Clothes dryer" means a device used to dry wet laundry by means of heat derived from the combustion of fuel gases.

(c) "Household cooking gas appliance" means a gas appliance for domestic food preparation, providing any 1 or combination of the following:

- (i) Top or surface cooking.
- (ii) Oven cooking.
- (iii) Broiling.

(2) The code shall contain, as a part of the energy conservation provisions, 1 or more provisions prohibiting the installation in a building or structure of any of the following new appliances which requires for its operation the use of a continuously burning pilot light:

- (a) A central furnace having an input rate of 225,000 BTU per hour or less.
- (b) A clothes dryer.
- (c) A household cooking gas appliance having an electrical supply cord.

(3) The provisions of the code required by this section shall not apply to the following:

- (a) A mobile home or modular home.
- (b) An appliance that is designed to burn exclusively liquefied petroleum gas.
- (c) An appliance which meets the energy efficiency standards prescribed by the federal regulations promulgated pursuant to the energy policy and conservation act, 42 U.S.C. 6201 to 6422.

(4) The provisions of the code required by this section shall be promulgated not later than 90 days after the effective date of this section.

125.1513c Definitions; minimum standards for board and room facilities; inspection; noncompliance; order; penalty; hearing; payment and recovery of civil penalty; applicability of section. [M.S.A. 5.2949(13c)]

Sec. 13c. (1) As used in this section:

(a) "Board and room facility" means a residential building that does not provide separate cooking facilities for individual occupants and that is arranged for primarily nontransient shelter and sleeping accommodations for 3 or more adults. Board and room facility does not include any of the following:

- (i) A residential facility for students attending a college or university.
- (ii) A facility operated, licensed, or regulated by the state or the federal government.
- (iii) A bed and breakfast regulated under section 4b.
- (iv) A hotel or motel.

(v) A private dwelling as that term is defined in section 2 of the housing law of Michigan, Act No. 167 of the Public Acts of 1917, being section 125.402 of the Michigan Compiled Laws.

(b) "Operator" means a person who has charge, care, control, or management of a board and room facility.

(c) "Owner" means a person who knows that a residential building in which that person has a legal or equitable interest is being used as a board and room facility, regardless of whether the person has possession of the facility. Owner includes an executor, administrator, trustee, or guardian of the estate of an owner of a residential building if the executor, administrator, trustee, or guardian knows that the

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

residential building is being used as a board and room facility.

(d) "Person" means an individual, partnership, corporation, association, governmental entity, or other legal entity.

(2) A board and room facility shall comply with the minimum property maintenance standards set forth in this act and in the BOCA national property maintenance code, 1993 edition, as published by the building officials and code administrators international, inc., or the uniform housing code, 1991 edition, as published by the international conference of building officials, which codes are adopted by reference and made a part of this section as if fully set out in this section. In addition, a board and room facility shall comply with all of the following:

(a) Interior stairways shall be enclosed by fire separation assemblies having a 1-hour fire resistance rating with all openings protected with smoke-actuated automatic-closing or self-closing doors having a fire resistance comparable to that required for the enclosure.

(b) Vertical openings shall be protected so that no primary exit route is exposed to an unprotected vertical opening. The vertical opening is protected if the opening is cut off and enclosed in a manner that provides a smoke and fire resisting capability of not less than 1 hour. Any doors or openings shall have fire and smoke resisting capability equivalent to that of the enclosure and shall be automatic-closing on detection of smoke or shall be self-closing.

(c) A fire alarm system shall be installed in accordance with the building code, except in buildings that have a smoke detection system meeting or exceeding the requirements of subdivision (f) if that detection system includes at least 1 manual fire alarm station per floor arranged to initiate the smoke detection alarm.

(d) Initiation of the required fire protective signaling system shall be by manual means as provided by the building code, except in buildings protected throughout with an approved fire suppression system installed in accordance with the building code, with initiation upon actuation of the extinguishing system operation.

(e) Occupant notification of a fire shall be provided automatically, without delay by internal audible alarm in accordance with the building code. Presignal systems are prohibited.

(f) Approved single station or multiple station smoke detectors powered by the building electrical service shall be installed in accordance with the building code on every level. In addition, approved single station smoke detectors powered by the building electrical service shall be provided in each sleeping room, except that existing battery powered detectors shall be accepted if, in the opinion of the code official, they are in operating condition.

(g) Portable fire extinguishers shall bear the label of an approved agency, be of an approved type, and be installed in a visible and accessible location on each occupied floor and basement.

(h) Fire exit drills shall be conducted at least once every 2 months in each facility. Each occupant shall be provided with a written evacuation plan filed with the local authority having jurisdiction. An egress plan shall be posted in each sleeping room showing the building diagram, the room location, and the location of exits.

(i) The interior finish on wall and ceilings and trim materials shall be a minimum class III, tested in accordance with ASTM E-84.

(3) An enforcing agency shall inspect a board and room facility after receiving a complaint alleging a violation by that board and room facility of the minimum standards described in subsection (2), and shall determine whether the board and room facility is in compliance with this act.

(4) If, following an inspection described in subsection (3), an enforcing agency determines that a board and room facility is not in compliance with this act, the enforcing agency shall issue an order to remedy the noncompliance and may issue an order to vacate the premises. The enforcing agency shall serve the order or orders upon the operator of the board and room facility and, if known, the owner of the residential building in which the board and room facility is situated.

(5) This section prescribes minimum standards for board and room facilities. It does not invalidate ordinances or regulations that impose higher standards or stricter requirements.

(6) The enforcing agency may adopt a schedule of monetary civil penalties, not to exceed \$500.00 for each violation or day that a violation continues, which may be assessed for a violation of this section. If the enforcing agency believes that an owner or operator has violated this section, it may issue a citation after discovery of the alleged violation. The citation shall be written and shall state with particularity the nature of the violation, the civil penalty established for the violation, and the right to appeal the citation

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

pursuant to subsection (7). The citation shall be delivered or sent by registered mail to the alleged violator.

(7) Not later than 20 days after receipt of the citation, the alleged violator may petition the enforcing agency for an administrative hearing, which shall be held within 60 days after the enforcing agency receives the petition. The administrative hearing may be conducted by a hearing officer, who may affirm, dismiss, or modify the citation. The decision of the hearing officer is final and is not subject to appeal.

(8) A civil penalty assessed by the issuance of a citation under subsection (6) becomes final if a petition is not received within the time specified in subsection (7). A civil penalty imposed shall be paid to the governmental subdivision that has the responsibility of enforcing this section. A civil penalty may be recovered in a civil action brought by the governmental subdivision in the county in which the violation occurred or the defendant resides.

(9) This section applies to a board and room facility constructed or converted for use as a board and room facility after the effective date of this section. Beginning 6 months after the effective date of this section, this section also applies to a board and room facility constructed or converted for use as a board and room facility before the effective date of this section.

125.1513d Requirements for stairwell geometry.

Sec. 13d. (1) Notwithstanding any provision in this act and until the promulgation of the complete building code update after October 15, 1999, a governmental subdivision shall not enforce a requirement for stairwell geometry in occupancies in use group R-3 structures and within dwelling units in occupancies in use group R-2 structures that differs from the stairwell geometry described in this section.

(2) As used in this section:

(a) "Stairwell geometry" refers to the configuration of a stairwell of a building in which the maximum riser height is 8-1/4 inches (210 mm), the minimum tread depth is 9 inches (229 mm), and a 1-inch (25 mm) nosing on stairwells with solid risers.

(b) "Use group R-2 structures" means all multiple-family dwellings having more than 2 dwelling units including, but not limited to, boarding houses and similar buildings arranged for shelter and sleeping accommodations in which the occupants are primarily not transient in nature and dormitory facilities that accommodate more than 5 persons over 2-1/2 years of age.

(c) "Use group R-3 structures" means all buildings arranged for occupancy as 1-family or 2-family dwelling units including, but not limited to, not more than 5 lodgers or boarders per family; multiple single-family dwellings where each unit has an independent means of egress and is separated by a 2-hour fire separation assembly; and a child care facility that accommodates 5 or less children of any age.

125.1514 Construction board of appeals; creation; appointment, qualifications, and terms of members; appeal to board; hearing; decision; statement of reasons for decision; appeal to commission; copy of decision; additional powers or duties; procedures; conducting business at public meeting; notice; availability of certain writings to public. [M.S.A. 5.2949(14)]

Sec. 14. (1) A construction board of appeals for each governmental subdivision enforcing the code shall be created consisting of not less than 3 nor more than 7 members, as determined by the governing body of the governmental subdivision. Unless otherwise provided by local law or ordinance, the members of the board of appeals shall be appointed for 2-year terms by the chief executive officer of a city, village, or township and the chairperson of the county board of commissioners of a county. A member of the board of appeals shall be qualified by experience or training to perform the duties of members of the board of appeals. A person may serve on the board of appeals of more than 1 governmental subdivision. If an enforcing agency refuses to grant an application for a building permit, or if the enforcing agency makes any other decision pursuant or related to this act, or the code, an interested person, or the person's authorized agent, may appeal in writing to the board of appeals. The board of appeals shall hear the appeal and render and file its decision with a statement of reasons for the decision with the enforcing agency from whom the appeal was taken not more than 30 days after submission of the

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

appeal. Failure by the board of appeals to hear an appeal and file a decision within the time limit is a denial of the appeal for purposes of authorizing the institution of an appeal to the commission. A copy of the decision and statement of the reasons for the decision shall be delivered or mailed, before filing, to the party taking the appeal.

(2) This act does not prevent a governmental subdivision from granting its board of appeals additional powers or duties not inconsistent with this act, or from establishing procedures to be followed by its board of appeals insofar as the procedures do not conflict with this act. Except as otherwise provided by this act, or by other laws or ordinances, a board of appeals may by rules establish its own procedures.

(3) The business which the board of appeals may perform shall be conducted at a public meeting of the board of appeals held in compliance with Act No. 267 of the Public Acts of 1976. Public notice of the time, date, and place of the meeting shall be given in the manner required by Act No. 267 of the Public Acts of 1976.

(4) A record of decisions made by the board of appeals, properly indexed, and any other writing prepared, owned, used, in the possession of, or retained by the board of appeals in the performance of an official function shall be made available to the public in compliance with Act No. 442 of the Public Acts of 1976.

125.1515 Specific variance from code; requirements; breach of condition; permissible variance. [M.S.A. 5.2949(15)]

Sec. 15. (1) After a public hearing a board of appeals may grant a specific variance to a substantive requirement of the code if the literal application of the substantive requirement would result in an exceptional, practical difficulty to the applicant, and if both of the following requirements are satisfied:

(a) The performance of the particular item or part of the building or structure with respect to which the variance is granted shall be adequate for its intended use and shall not substantially deviate from performance required by the code of that particular item or part for the health, safety and welfare of the people of this state.

(b) The specific condition justifying the variance shall be neither so general nor recurrent in nature as to make an amendment of the code with respect to the condition reasonably practical or desirable.

(2) A board of appeals may attach in writing any condition in connection with the granting of a variance that in its judgment is necessary to protect the health, safety and welfare of the people of this state. The breach of a condition shall automatically invalidate the variance and any permit, license and certificate granted on the basis of it. In no case shall more than minimum variance from the code be granted than is necessary to alleviate the exceptional, practical difficulty.

125.1516 Appeal to commission; time; hearing; quorum; effect of decision; copy of decision and statement of reasons; record of decisions; public inspection; referral of certain appeals to appropriate board; review of board's decision; petition. [M.S.A. 5.2949(16)]

Sec. 16. (1) An interested person, or the interested person's authorized agent, may appeal a decision of a board of appeals to the commission within 10 business days after filing of the decision with the enforcing agency or, in case of an appeal because of failure of a board of appeals to act within the prescribed time, at any time before filing of the decision. The hearing of an appeal based on the denial of a request for a variance by a board of appeals is within the sole discretion of the commission. If deciding an appeal, the commission may act either as a whole or by a panel of 3 or more of the commission members designated by the commission's chairman to hear and decide the appeal. A majority of a panel constitutes a quorum and a decision by a panel requires concurrence of at least a majority of the panel's members. If an appeal has been presented to the commission within the time prescribed, the appeal shall be heard de novo by the commission. The commission may affirm, modify, or reverse a decision of the board of appeals or the enforcing agency. Except if modified or reversed by a court of competent jurisdiction, a decision of the commission made pursuant to this section is binding on the applicant and the affected board of appeals and enforcing agency. An appeal to the commission shall be decided within

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

30 days after receipt of the appeal by the commission. A copy of the decision and a statement of reasons for the decision, shall be sent to the applicant and filed with the affected board of appeals and enforcing agency within 5 business days after the making of the decision. A record of decisions made by the commission pursuant to this section, properly indexed, shall be kept in the office of the commission, and be open to public inspection during business hours in compliance with Act No. 442 of the Public Acts of 1976.

(2) Notwithstanding subsection (1), the executive director of the commission shall refer an appeal to the commission pursuant to subsection (1) which in the executive director's judgment relates principally to a plumbing, electrical, or barrier free design matter to the appropriate board. The board shall hear and decide the appeal in the same manner as an appeal is heard and decided by the commission pursuant to section 16, except that a board shall meet as a whole and not in a panel. A person aggrieved by a decision of a board on any appeal pursuant to this subsection may petition the commission to review the decision. The commission shall act on the petition within 5 business days after receipt, and may grant the petition at the commission's discretion except that the commission shall grant the petition if it appears that the appeal involves a question of major significance to the people of this state and that the case of the appellant has substantial merit. If the commission grants the petition, the commission acting as a whole shall review the decision in accordance with a procedure to be established by the commission's rules.

Sec. 17. An appeal to a board of appeals or the commission pursuant to this act, or to a court of competent jurisdiction pursuant to Act No. 306 of the Public Acts of 1969, as amended, does not stay a stop construction order issued by an enforcing agency or prevent an enforcing agency from seeking an order in a court of competent jurisdiction enjoining the violation of a stop construction order. In other cases, an appeal to a board of appeals, or to the commission pursuant to this act, or to a court of competent jurisdiction pursuant to Act No. 306 of the Public Acts of 1969, as amended, shall act as a stay upon an order, determination, decision or action appealed from, unless the enforcing agency establishes that immediate enforcement of the order, determination, decision or action is necessary to avoid substantial peril to life or property.

125.1519 Premanufactured units; certificate of acceptability; building permit; fee; objections; hearing. [M.S.A. 5.2949(19)]

Sec. 19. (1) The commission shall promulgate rules establishing a procedure by which a premanufactured unit intended for use in this state may be issued a certificate of acceptability by the commission at its place of manufacture. The procedure shall require that the manufacturer submit to the commission detailed plans and specifications for the premanufactured unit for approval as in compliance with the code. It may require that the manufacturer submit to the commission test results on the premanufactured unit or its components, other material or information the commission considers relevant, or 1 or more of the premanufactured units for testing and evaluation. It shall require that each premanufactured unit be inspected by the commission, or a qualified person selected by it, to determine

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

that the premanufactured unit has been manufactured in accordance with plans and specifications submitted to the commission and the code, or at the election of the commission, that each premanufactured unit bear the approved label of an independent, nationally recognized body having follow-up inspection service satisfactory to the commission, certifying that the premanufactured unit complies with plans and specifications submitted to the commission and the code. A local enforcing agency may also inspect a premanufactured unit at its place of manufacture to determine that it has been manufactured in accordance with plans and specifications submitted to the commission and in accordance with the code and shall advise the state inspector and the commission in writing of any deviations found.

(2) If an application for a building permit specifying use of a premanufactured unit with a certificate of acceptability is submitted to an enforcing agency, and if the application, except for the part calling for use of a premanufactured unit with a certificate of acceptability, complies with applicable construction regulations and zoning laws and ordinances, the enforcing agency shall issue the building permit within the time specified in this act. At the time of installation, a premanufactured unit with a certificate of acceptability is subject only to such nondestructive tests approved by the commission necessary to determine that it has not been damaged in transit or installation, and that it has been installed in accordance with the building permit and construction regulations. The fees established for a building permit when the application therefor specifies use of a premanufactured unit with a certificate of acceptability, or for inspection of the installation of the premanufactured unit shall be intended to bear a reasonable relation to the costs incurred by the enforcing agency in performing such acts. A certificate of acceptability issued by the commission shall not be used for advertising purposes.

(3) Notwithstanding subsections (1) and (2), an enforcing agency may object to use of a premanufactured unit with a certificate of acceptability on the basis that the premanufactured unit does not comply with the code. If an enforcing agency on receipt of an application for a building permit specifying the use of a premanufactured unit does object, it may set forth its objections in writing to the commission before issuance of a building permit and within 10 business days after receipt of the application. Within 10 business days after receipt of the objections, the commission, or a panel of 3 or more members designated for that purpose by its chairman, shall hold a hearing on the objections in accordance with rules to be promulgated by the commission. After the hearing, the commission, or its panel, within 3 business days shall determine 1 of the following:

(a) The premanufactured unit does not comply with the code in which case subsections (1) and (2) shall not apply.

(b) The premanufactured unit requires additional testing and evaluation in which case the testing and evaluation shall be conducted in accordance with subsection (1).

(c) The objections are not valid in which case the enforcing agency shall issue the building permit within 3 business days.

method of manufacture or method or manner of construction or installation. The petition shall be in writing on a form to be prescribed by the commission accompanied by such information and material as the commission may by rule require and by an initial fee. On receipt of the petition, the commission shall cause to be conducted testing and evaluation it deems desirable for the particular material, product, method of manufacture or method or manner of construction or installation. After the testing and evaluation, and after a hearing open to the public in which the results of the testing and evaluation are made part of the record, and the petitioner or any other interested party is allowed to present evidence in support of or against the petition, the commission may reject the petition in whole or in part, may in accordance with procedures established in this act amend the code in such manner as the commission deems appropriate, or may grant a certificate of acceptability for the particular material, product, method of manufacture, or method or manner of construction or installation. A petition shall not be rejected if the application is in proper form and the fees are paid, and if performance of the particular material, product, method of manufacture, or method or manner of construction or installation is adequate for its intended use and consistent with reasonable requirements for the health, safety and welfare of the people of this state. The commission may attach any condition it deems appropriate to a certificate of acceptability. A material, product, method of manufacture, or method or manner of construction or installation shall be acceptable for use throughout this state in accordance with the terms of a certificate of acceptability issued with respect to it. A copy of each certificate of acceptability shall be sent or delivered by the commission to each governmental subdivision, however, failure of the commission to comply with this requirement does not prevent or delay effectiveness of a certificate of acceptability. A certificate of acceptability issued by the commission pursuant to this section shall not be used for advertising purposes.

125.1521a Installation or use of heating cable; application for approval; "heating cable" defined; construction of section. [M.S.A. 5.2949(21a)]

Sec. 21a. (1) Beginning 1 year after the effective date of the amendatory act that added this section, heating cable shall not be installed or used in a building or structure in this state until approved by the commission pursuant to section 21. As provided in section 8, this section is effective throughout the state without local modification.

(2) An application for approval of heating cable submitted to the commission, which includes listing by a nationally recognized testing laboratory found to comply with established standards, shall be approved unless the commission finds it would endanger the public safety.

(3) For purposes of this section, "heating cable" means heating cable as defined in section 2 of the heating cable safety act, that is, cable designed to be secured to pipes and vessels to reduce their likelihood of freezing or to facilitate the flow of viscous liquids. Heating cable also includes products used for deicing on roofs and in gutters and downspouts. Heating cable intended for industrial and commercial use is connected to the supply system by a permanent wiring method or by an attachment plug for connection to a receptacle outlet. Heating cable intended for residential and mobile home use has an attachment plug for connection to a receptacle outlet. Heating cable is commonly known as heat tape.

(4) This section shall not be construed to limit the powers and duties granted pursuant to any other law to a state agency or official.

125.1522 Fees; state construction code fund; fund for purchase and sale of codes and standards.

Sec. 22. (1) The legislative body of a governmental subdivision shall establish reasonable fees to be charged by the governmental subdivision for acts and services performed by the enforcing agency or construction board of appeals under this act, which fees shall be intended to bear a reasonable relation to the cost, including overhead, to the governmental subdivision of the acts and services, including, without limitation, those services and acts as, in case of an enforcing agency, issuance of building permits, examination of plans and specifications, inspection of construction undertaken pursuant to a

building permit, and the issuance of certificates of use and occupancy, and, in case of a board of appeals, hearing appeals in accordance with this act. The enforcing agency shall collect the fees established under this subsection. The legislative body of a governmental subdivision shall only use fees generated under this section for the operation of the enforcing agency or the construction board of appeals, or both, and shall not use the fees for any other purpose.

(2) To accomplish the objectives of this section and this act, a state construction code fund is created. The director, after approval by the commission and following a public hearing held by the commission, shall establish reasonable fees to be charged by the commission for acts and services performed by the commission including, without limitation, inspection of plans and specifications, issuance of certificates of acceptability, testing and evaluation of new products, methods and processes of construction or alteration, issuance of building permits, inspection of construction undertaken pursuant to a building permit, the issuance of certificates of use and occupancy, and hearing of appeals. Fees established by the department shall be intended to bear a reasonable relation to the cost, including overhead, of the service or act. Until the director establishes fees pursuant to this act, the fees established pursuant to this subsection shall remain in effect. The state treasurer shall be the custodian of the fund and may invest the surplus of the fund in investments as in the state treasurer's judgment are in the best interest of the fund. Earnings from those investments shall be credited to the fund. The state treasurer shall notify the director and the legislature of interest credited and the balance of the fund as of September 30 of each year. The director shall supervise and administer the fund. Fees received by the department and money collected under this act shall be deposited in the state construction code fund and shall be appropriated by the legislature for the operation of the bureau of construction codes, and indirect overhead expenses in the department. Funds that are unexpended at the end of each fiscal year shall be returned to the state construction code fund. A self-supporting fund shall be established within the commission to provide for the purchase and sale of codes and standards to the general public.

(1) Except as provided in subsection (3), a person or corporation, including an officer, director, or employee of a corporation, or a governmental official or agent charged with the responsibility of issuing permits or inspecting buildings or structures, who does any of the following is guilty of a misdemeanor punishable by a fine of not more than \$500.00 or imprisonment for not more than 90 days, or both:

- (a) Knowingly violates this act or the code or a rule for the enforcement of this act or code.
- (b) Knowingly constructs or builds a structure or building in violation of a condition of a building permit.
- (c) Knowingly fails to comply with an order issued by an enforcing agency, a construction board of appeals, a board, or the commission pursuant to this act.
- (d) Knowingly makes a false or misleading written statement, or knowingly omits required information or a statement in an inspection report, application, petition, request for approval, or appeal to an enforcing agency, a construction board of appeals, a board, or the commission.
- (e) Knowingly refuses entry or access to an inspector lawfully authorized to inspect any premises, building, or structure pursuant to this act.
- (f) Unreasonably interferes with an authorized inspection.
- (g) Knowingly issues, fails to issue, causes to be issued, or assists in the issuance of a certificate, permit, or license in violation of this act or a rule promulgated under this act or other applicable laws.
- (h) Having a duty to report violations of this act or a rule promulgated under this act or other applicable laws, knowingly conceals a violation.

(2) With respect to subsection (1)(c), a person is guilty of a separate offense for each day that the person fails to comply with a stop construction order validly issued by an enforcing agency and for each week that the person fails to comply with any other order validly issued by an enforcing agency. With respect to subsection (1)(a) or (d), a person is guilty of a separate offense for each knowing violation of this act or a rule promulgated under this act and for each false or misleading written statement or

THE STILLE-DEROSSETT-HALE SINGLE STATE CONSTRUCTION CODE ACT

omission of required information or statement knowingly made in an application, petition, request for approval, or appeal to an enforcing agency, a construction board of appeals, a board, or the commission. With respect to subsection (1)(b), a person is guilty of a separate offense for each knowing violation of a condition of a building permit.

(3) If a governmental subdivision has the responsibility of administering and enforcing this act and prosecutes a violation of this act, the governmental subdivision may retain a fine imposed upon conviction. If a governmental subdivision has the responsibility of administering and enforcing this act, the governmental subdivision may by ordinance designate a violation described in subsection (1) or (2) as a municipal civil infraction and provide a civil fine for the violation. The governmental subdivision may retain the civil fine imposed upon judgment.

125.1530 Saving clause; pending or subsequent prosecutions. [M.S.A. 5.2949(30)]

Sec. 30. Proceedings pending and rights and liabilities existing, acquired or incurred under existing construction regulations as long as they remain in effect are saved. The proceedings may be consummated according to the law in force when the proceedings were commenced. Neither this act nor the code shall be construed to alter, affect or abate a pending prosecution, or prevent prosecution hereafter instituted under such repealed construction regulations for offenses committed as long as the construction regulations remain in effect. Prosecutions instituted after the repeal of existing construction regulations for offenses committed before the effective date of the repeal may be continued or instituted in accordance with construction regulations in effect at the time of the commission of the offenses.
